

1. Write a blog on Difference between HTTP1.1 vs HTTP2
 - The main differences between HTTP 1.1 and HTTP 2 in terms of performance, and functionality.
 - When compared to HTTP1.1, HTTP 2 rendering and loading times are very quick.
2. Write a blog about objects and its internal representation in Javascript
 - Objects represent a data type in JavaScript.
 - JavaScript objects are nothing but a container which stores the “key: value” pair in it.
 - The values can be anything such as properties, methods etc.
 - An object can be created with figure brackets {...} with an optional list of properties.
